Xtreme Twin Top Mount Series

The ergonomics and features of our Xtreme
Series controls are the most advanced available
and are suitable for most kinds of dual engine
application boats. The shapely, balanced handles
provide a very comfortable feel and the state of
the art mechanism guarantees a smooth yet solid
action, assuring you have maximum control at
all times. This control is designed for twin engine
applications.

Xtreme series of controls are suitable for use with both 3300/33C universal or OEM type control cables without the need for adaptation at the control.
